LIVES IN A “ECONOMICALLY DISADVANTAGED AREA” FOR NJ’S 4% HIRING BONUS

Experience

PA / Camera Operator – Montclair State University (2025 - Present)

- Supported multi-camera televised studio production broadcasted on News 12.
- Assisted with camera setup, floor management, and on set coordination.
- Assisted crew with daily studio set up and breakdown.
- Operated main camera during live recorded segments.

PA / Camera Operator – Verizon Internal Corporate Studio (2023 – 2025)

- Supported studio and corporate broadcast productions in fast paced live and pre-recorded environments.
- Assisted camera, grip, and electric departments with daily set up and breakdown.
- Transported, organized, and maintained camera and lighting equipment throughout productions.
- Assisted with slating, cable management and battery rotation.
- Maintained a clean, safe, and effective studio space during production.
- Worked closely with producers and crew to ensure a smooth set.
- Operated Grassvalley cameras and Sony FX9 during live events and pre recorded productions.

Camera PA – High Impact Media (2023 & 2024)

- Assisted camera department and JIB operator for FOX Sports coverage of the 2023 and 2024 New York Auto Show.
- Managed battery charging systems and equipment readiness throughout long shoot days.
- Assisted in moving cameras and JIB to designated locations.
- Ensured bystander safety and maintained clear filming zones during the active production.
- Worked effectively in a high traffic public environment under a tight schedule.

Grip PA – Ferrum Films (2023)

- Loaded and unloaded grip and lighting trucks.
- Assisted key grips with rigging, positioning, and secure light set ups.
