My name is Bobby Susser and I am from the Leonardo area in NJ. Reading, writing, and film have always been a passion of mine, but in college I became serious about film. I made the decision to switch my major from Biology, on a pre-med track, to Film Production. Since then, I have devoted my time to studying film, increasing my learning, and expanding my knowledge in this area. I graduated with a Bachelor of Arts degree in Film Production from Seton Hall University, where I spent all 4 years of college. It is my goal to work in the production industry as well as content creation. I desire to obtain as much knowledge and experience as possible in all aspects of production.
