

About Us

This Organized Chaos (TOC) is a professional organizing company based in Cranford, NJ.

Owner and lead organizer, Trish Johnson, and her team of organizers enjoy helping people create organizational systems in their homes, knowing it will help make their lives easier. We strive to take your lifestyle, preferences, and input into account when helping you to organize your home. Our design-centered approach combines your home's aesthetic with organizational functionality.

Why choose us?

The team at This Organized Chaos is excited to work with you. We've worked with hundreds of clients to strategically implement organizational systems in their homes and businesses for continued success. Making the investment in yourself to get your home organized is a big step. The time you will be saving in daily life and the overall peace of mind that comes with getting organized will be a return on your investment that you will enjoy for years to come.

We appreciate the trust you place in us to set up beautiful, functional systems within your home. My team and I will be with you every step of the way - from your initial call to the placement of that very last label.

Our Process

1. Design

After your initial consultation, we design a custom organizing solution that takes your personal style, lifestyle and budget into account. Each project is unique and we tailor each solution specifically to your needs. We design beautiful, functional organizing solutions that work with your family's needs and purchase the recommended products to complete the space.

2. Declutter

Decluttering is the first stage of organizing. We begin each project by taking everything out. Depending on your project, we may need your input as to what will be kept and what won't. The TOC team will help you decide what to keep, donate, and discard. We are with you every step of the way! Once your space is decluttered we handle donations and help with trash removal as needed.

3. Organize

We sort, categorize, and contain your things, and maximize your space to make it as functional as possible. We put the recommended products in place and your project is complete when we add your custom labels.
