Heavenly Realm Studios, Remote
3D Character Modeling (Remote)

2025 — Present

Create high-fidelity 3D character models in alignment with the game's artistic direction. Collaborate with 2D artists and development leads to ensure smooth integration and visual consistency of all character assets. Utilize diverse 3D modeling software to achieve stylized and technically accurate designs. Refine models to meet evolving artistic goals and technical requirements.

- Directed the conceptualization and production of faction characters and essential in-game models.
- Contributed significantly to character development through ongoing feedback, revisions, and creative input.

B&L Enterprises Inc., Marlboro, NJ
School Photo Lab Assistant (Seasonal)

2024

Provided administrative support to a small business focused on professional photo processing for School and Sports portraits. Processed incoming photo orders and verified contents for completeness; sorted products and inspected for quality assurance.

- Gathered completed products/orders and performed quality reviews and organized for shipment to create lasting memories for customers.
- Worked with team leads to keep jobs on-deadline, and learned multiple roles to help adapt from job-to-job including office administrative support.

The Carpentry Shop Co, Tappan, NY
Digital Content Editor (Seasonal)

2023

Managed digital content editing to ensure accuracy, engagement, and alignment with organizational brand messaging across online platforms, websites, and social media channels. Created compelling titles for manufacturing videos to enhance viewer engagement. Collaborated with marketing teams to synchronize content strategies with organizational goals, contributing to a cohesive brand presence.

- Implemented a well-organized media setup, improving content accessibility and management.
- Developed cohesive visual content by editing and organizing photos, ensuring proper alignment with product names for custom furniture.

Black Rocket Productions, Freehold Borough, NJ
Animation Assistant (Seasonal)

2023

Trained students in coding and 3D modeling for interactive platforms, leveraging expertise in Roblox, Robotics, and Minecraft to convey complex concepts in accessible ways. Guided students in video game creation utilizing tools such as Unity, Pixlr, Python, Codesters, and Rive, fostering digital literacy and creativity.

- Instructed children and teens in complex rig mechanisms, enhancing their understanding of animation principles.
- Applied broad knowledge of animation and programming to inspire young learners and cultivate a collaborative learning environment.

Monmouth County Park System – Thompson Park, Lincroft, NJ
Animation Assistant (Seasonal)

2021

Led collaborative efforts for Youth Acting and Stop Motion Animation camp, working closely with the lead instructor to teach fundamental concepts to a group of eight children, ages 10 to 12. Provided constructive feedback on student storyboards and final production scenes.

- Partnered with young participants to foster creative thinking through the medium of 2D animation.
- Developed a comprehensive curriculum covering animation courses that included utilizing a Stop Motion app, sourcing sound effects, and writing for animation.
